## CAREER OBJECTIVE

Passionate about programming, with a strong grip on Java, Data Structures, and DBMS. Skilled in problem-solving and mobile app development using React Native and Flutter. Eager to apply technical abilities in dynamic environments, and seeking opportunities to learn, grow, and contribute to innovative solutions.

## PROJECTS

- **Talkaholic Chatter** – Flutter, Dart, Firebase  
Built a real-time chat application with user authentication and cloud messaging. Enabled smooth, responsive UI with Firebase integration for chat storage and notifications.
- **Smart Learning Platform for Deafblind** – React Native, Node.js  
Designed an app to teach English and numbers to deafblind users via Braille input. Features include haptic feedback, mode switching, and Chatbot-based support.
- **Ecommerce - Shopverse** – React.js, Node.js, MongoDB  
Developed a full-stack e-commerce platform enabling product purchasing, selling, real-time stock updates, and secure PayPal transactions.
- **Course Management System** – Flutter, Firebase  
Developed a Course Management App using Flutter, Firebase, and MVVM, enabling Admins to manage courses and Users to register, log in, and view courses. Integrated GetX for state management with smooth navigation and a clean, responsive UI.

## SKILLS

- **Languages:** Java, Dart, SQL
- **Frameworks:** React Native, Flutter, Firebase
- **Tools:** Android Studio, VSCode
- **Core:** Data Structures, DBMS

## EDUCATIONAL CREDENTIALS

- |  |                                      |
|--|--------------------------------------|
| • Kongu Engineering College<br>Master of Computer Applications | 2024 – 2026<br>CGPA: 8.50 (pursuing) |
| • Kongu Engineering College<br>Bachelor of Computer Technology | 2021 – 2024<br>CGPA: 8.14            |
| • Shree Swami Vivekananda School<br>HSC                        | 2020 – 2021<br>90.79%                |
| • Shree Swami Vivekananda School<br>SSLC                       | 2018 – 2019<br>86.6%                 |

## INTERNSHIP

- |   |                     |
|---|---------------------|
| • <b>Avasoft Pvt Ltd - ServiceNow Trainee Engineer Intern</b> | Mar 2024 – May 2024 |
| • Trained in ITSM fundamentals and ITIL best practices        |                     |
| • Gained hands-on experience with ServiceNow workflows        |                     |
| • Learned incident, problem, and change management            |                     |
| • Worked on real-time IT incident simulations                 |                     |
| • Assisted in configuring ServiceNow and creating reports     |                     |
| • Explored service catalog management and request fulfillment |                     |

## ACHIEVEMENTS

- First prize in a coding contest in March 2025, receiving a cash prize of 3,000
- Second place in Technical Quiz at KGiSL, November 2024
- Second place in Debugging Competition at Kongu Engineering College, November 2024
- Finalist in TNWISE Hackathon held at Rajalakshmi Engineering College Chennai, April 2025
- Participated in a coding contest at Nandha Engineering College, January 2023
- Participated in the “Coding Ninjas” event at Kongu Engineering College, showcasing coding skills
